CERTIFICATE OF CONFORMITY No. 4/17

Instytut Nafty i Gazu - Państwowy Instytut Badawczy hereby confirms, that the products:

Polyethylene pipes
class PE 80 i PE 100; series of types SDR 11, SDR 17 and SDR 17,6
intended to supply gas fuels
d_n 16-dn 630 mm

entered into the market under the name of company's sign of the manufacturer:

ZINPLAST Sp.z o.o. 32-340
Wolbrom ul. Garbarska 41

and manufactured in the production plant:

ZINPLAST Sp.z o.o. 32-340
Wolbrom ul. Garbarska 41

meet requirements stipulated in the domestic technical specification

PN-EN 1555-2:2012
[EN 1555-2:2010]

The manufacturer defined type of the building product in question; it implemented the production control in the factory in the meaning of the certification program PCW-16, and it also assessed the product in an accredited research laboratory. INiG-PIB certifying officer checked correctness of assessment of the functional properties of the product acc. to the entries of the Certification programs PCW-16, including collection of samples for tests by the manufacturer, initial inspection of the plant and ZKP and it has been continuing supervision, assessment, evaluation and acceptance of the ZKP in relation to functional properties of the product stipulated in the afore-mentioned domestic technical specification. Certification process was accordant with the certification program PCW-16 (type of the program 3 acc. to PN-EN ISO/IEC 17067:2014-01).

This certificate replaces the conformity certificate no. **31/10** dated 21.03.2013 and it is valid if the technical specification, the product itself and terms and conditions of the production process are not subject of a substantial change, and that it is not suspended or withdrawn by the certifying unit.
