Double wall perforated polypropylene (PP) pipes with smooth inner and corrugated outer wall

2 Name of product:

Single wall corrugated polypropylene (PP) pipes, perforated or unperforated

DN / ID 150 ÷ 1000 mm
DN / OD 110 ÷ 630 mm

3. Statistical classification of product:

25.21.21-55.10 25.21.21-70

4. Field of application:

for non-pressure sewage and drainage installations

5. Technical specification:

AT-15-8871/2014 z 2014r "Polypropylene PRAGMA and PRAGMA+ID structured (double wall) pipes and fittings, single wall corrugated DN/ ID polypropylene pipes for non-pressure sewage and drainage installations" issued by Building Research Institute

AT/2008-03-0506/1 z 2008r " Polypropylene PRAGMA and PRAGMA+ID structured (double wall) pipes and fittings, single wall corrugated polypropylene pipes" issued by Road and Bridge Research Institute

AT/07-2015-0180-A3 z 2015r " Polypropylene PRAGMA and PRAGMA+ID structured wall pipes and fittings" issued by Railway Institute

6. Declared technical parameters:

Pipes with or without socket, totally perforated (TP), locally perforated (LP), multi purpose (MP) with or without wrapping (synthetic geotextiles or natural); ring stiffness $SN \geq 2kN/m^2$; $SN \geq 4kN/m^2$; $SN \geq 6,3kN/m^2$; $SN \geq 8kN/m^2$; $SN \geq 10kN/m^2$; $SN \geq 12kN/m^2$ i $SN \geq 16kN/m^2$

7. Name and n° of accredited certification body or laboratory and n° of certificate or type tests report if accredited certification body participated in product's assesment of conformity. – not applicable

We, declare under our sole responsibility that the product is in conformity with technical specification mentioned at p.5
